

RV Climate Study Viewer Cover Page

Directions: Please include this sheet as the first page of your session. After all remote viewing is completed for this project, you will be sent the target definition for this remote-viewing session via email. A time window will be established to allow you to compare your remote-viewing data for this session with the target before the passwords to decrypt your session data will be made available to the general public. Comparing each page of your remote-viewing data to the target is called "closing the session," and it is important that you utilize the allocated time window to do this. By participating in this study, you are agreeing to allow the public to download, save, and eventually examine your remote-viewing session. You are also allowing research to be conducted using your remote-viewing data. Thanks for participating in this important study.

Please sign here to indicate that you have read and agreed with the above statement:

Subspace Mind Instructions: Your perception of this target corresponds only with the explicit contents of the target definition for this session, including spacial and temporal movement exercises as deemed useful by you as you execute this session.

Target coordinates or tag: UND-SOQ

Session number: 005 (There are up to 24 sessions in this study. The number that you write in this spot must correspond to the session you are doing. Normally this is done in sequential order. Thus, if this is your first session for the project, then write the number "1" as your session number. Future sessions should be numbered 2, 3, 4, etc.)

Target number and description: _____
You can fill in the above blank for the target number and description only after you have been shown the target for this session.

RV METHODOLOGY EMPLOYED: HRVG (MODIFIED TO MEET PROJECT TIMELINES)

DATE SESSION IS DONE: 22 MAY 08

TIME SESSION IS BEGUN: 0430 (AM. HST)

S6 DIARIZATION

SENSE OF LAUNCHING OF ROCKET LIKE IN CAPE CANAVERAL; HOWEVER, THE SENSE OF BUOYANCY WAS PERVASIVE. PARTICLES FLOAT BY, ALTHOUGH THE DEPTH WAS OR APPEARS DISTORTED - I SAW OBJECTS THAT APPEARED MINISCULE BUT WHEN I TRIED TO GET CLOSER, IT BECAME NEBULOUS.

THE FEELING OF BEING OUTSIDE TIME AND SPACE IS STRONG, YET THE AWARENESS OF SENSITIVE MEASURING EQUIPMENT WAS ALSO QUITE STRONG.

THE SENSE OF GALACTIC PARTICLES STAYED AT THE BORDER OF MY CONSCIOUSNESS AND I FEAR THAT I MAY HAVE ALLOWED MYSELF TO LINGER TOO LONG ON CERTAIN PROTOCOLS BECAUSE I WAS DRAWN TO THE COLORFUL ARRAY OF A NEBULA.
