S6 DIARIZATION

SENSE OF LAUNCHING OF ROCKET LIKE IN CAPE CANAVERAL; HOWEVER, THE SENSE OF BUOYANCY WAS PERVASIVE. PARTICLES FLOAT BY, ALTHOUGH THE DEPTH WAS OR APPEARS DISTORTED - I SAW OBJECTS THAT APPEARED MINISCULE BUT WHEN I TRIED TO GET CLOSER, IT BECAME NEBULOUS.

THE FEELING OF BEING OUTSIDE TIME AND SPACE IS STRONG, YET THE AWARENESS OF SENSITIVE MEASURING EQUIPMENT WAS ALSO QUITE STRONG.

THE SENSE OF GALACTIC PARTICLES STAYED AT THE BORDER OF MY CONSCIOUSNESS AND I FEAR THAT I MAY HAVE ALLOWED MYSELF TO LINGER TOO LONG ON CERTAIN PROTOCOLS BECAUSE I WAS DRAWN TO THE COLORFUL ARRAY OF A NEBULA.
