ENERGY SURPRISES HUMANS

THEY feel exposed

CAUGHT OUT IN OPEN

THERE IS UNEXPECTED ENERGY here THAT RADIATES

EDGING

IN Edging I got a sense of food preparation. PRIMITIVE AND UNappealing - some KIND of grain mashed into gruel with mortar & pestle - BOILED IN something (they may not have metal)

- PLANTS LIKE weeds are gathered AND added. It seems NOT very appetizing

They roast meat - whatever small game they CAN FIND & OBTAIN. over a SMOKY FIRE

gather things like dandelion greens ADDED to gruel
